## Size and Style

All of the icons are from Font Awesome, a collection of icons that are open source and free for commercial use. For more details, please refer to <https://fontawesome.com/free>

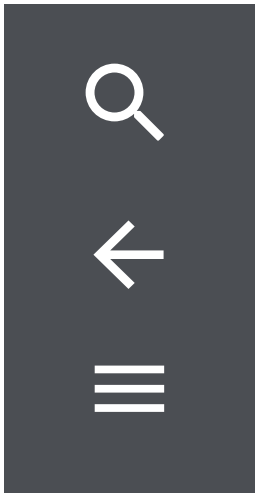

Design Rationale: The icons are used as buttons, also further supported by text labels underneath for complete understanding of its use. The buttons without icons are emphasized with colour (almost like a hyperlink), to make it clear that it can be tapped

# Font Size, Style and Logo Guidelines

Typeset all text, labels, titles and paragraph text in Roboto and in black (unless otherwise indicated), with the exception of the logo, which will be in Baskerville Old Face.

Design Rationale: Only one font is used - in order to keep reading text easy. Roboto was picked since it is a sans sarif font, and thus is easier to read on digital screens.The only other font used is the brand’s logo, which reflects the british, old-style, elegance that is similar to the National Gallery’s logo.
